

Risk Rating = Likelihood (L) x Severity (S)			Severity (S)				
			1	2	3	4	5
			Negligible	Slight	Moderate	High	Extreme
			Minimal identifiable risk	Minor injury/risk causing some further implications	Potential for injury/illness	Single person suffering injury/illness with long term implications	Multiple persons suffering injury/illness with potential long term implications
Likelihood (L)	1	Very Unlikely	Low	Low	Low	Low	Low
	2	Unlikely	Low	Low	Low	Medium	Medium
	3	Possible	Low	Low	Medium	High	High
	4	Likely	Low	Medium	High	High	High
	5	Very Likely	Low	Medium	High	High	High
Low		Acceptable					
Medium		Further control measures should be considered					
High		Further control measures should be implemented prior to proceeding					

National and Regional Competition			Current Identified Risk levels			
Hazard	Persons affected	Existing control measures	Likelihood	Severity	Rating	Additional control measures if required
GOVERNANCE						
Operating using out of date guidelines and recommendations - Contravening government guidelines	Players, Officials, Spectators, venue operator	Ensure TUK SET, Club Management Committees and appointed covid officers have access to the most up to date guidelines.	3	4	12	Ensure RA's are reviewed and updated on a regular basis.
No accountability for attendance - Contact tracing system not implemented	Players, Officials, Spectators	Implement a contact tracing system for all members. Register of all persons on entering the event venue and the use of Test and Trace QR Code for all players over 18	2	3	6	Team sheets to be received 3 days in advance of any event and all participants must be registered through TUK. Any approved spectators must also provide details. Team sheets will be checked with actual attendance on the day. All data of anyone not required to register with TUK will be removed and destroyed after 21 days.
VENUE / FACILITIES						
Hiring of facilities that have not undertaken a Covid risk assessment to ensure safety of hirers	Players, Officials, Spectators, venue operator	A copy of the venue risk assessment to be provided when hiring the facilities for the event	1	5	5	
First aid - Contamination from close contact	Players, Officials, Centre Staff, Spectators	First aid is usually provided by the facility being hired, self treat wherever possible, Where more serious first aid intervention is required then PPE should be worn	3	3	9	Venues typically provide first aiders so no change to this is required.
Hand washing / Sanitisation facilities	Players, Officials	All players and officials to wash their hands immediately prior to the match commencing and post match when completed. Hand sanitizer will be provided by TUK and bottles will be placed at the court side. Whenever a player comes off court they will sanitise their hands. All players are encouraged to bring their own hand sanitizer in addition to that provided by TUK.	3	2	6	
Failure to maintain social distancing in changing rooms, toilets and public circulation areas - Contamination through touching surfaces	Players, Officials, Centre Staff, Spectators	Follow guidance put in place by the facility. Teams allocated times to use changing rooms which should then be cleaned following use before other teams use them.	1	3	3	No changing or showering permitted
Spectators at events excluding players participating - Increased numbers within an internal space	Spectators	Rule of 6 to be considered, Social distancing measures to be used, use of face masks along with entry and exit routes etc	3	2	6	Face coverings to be mandatory. TUK officials to marshal spectators. Just parents and carers of under 18s or vulnerable adults will be managed by TUK. All other spectators to be encouraged not to enter the venue and TUK will not be responsible for their conduct.
Sharing equipment such as water bottles - Transmission of virus	Players, Officials	All individuals must bring their own water bottles which are clearly labelled. Individuals should not share water bottles with teammates.	1	4	4	
OFFICIATING						
Referee whistles - Atomised saliva being blown at an increased pace towards players and others	Officials	TUK will not provide whistles for shared use at competition. All officials encouraged to bring their own for their duties. TUK will hold a sealed supply of whistles to be given free of charge for any officials not bringing one.	5	2	10	Officials to wear face coverings. TUK to provide face shield as well as new sealed whistles for all nominated referees.

Close proximity between shooters and referees	Players and Officials	Create a taped exclusion zone behind the frame	3	3	9	Referee to be mobile behind the back line and must move to minimise the risk of contact between them and a player as well as not touching the ball with their hands. To remove close contact at beginning of matches the home team to start with the ball, the away team to start with the ball at the start of period 2 and then the rule of whoever is losing to start with the ball as part of the normal rules.
Scorers in close proximity during matches - not to social distancing rules	Players, Officials	Where possible the score table should be marked in an exclusion zone at the side of the court. The minimum number of officials shall be on the table. Scorers should wear face coverings. Score equipment will be wiped down with sanitising equipment at the end of each game and scorers will utilise their own pen.	3	3	9	Utilise 2 tables and maintain social distance between scoresheet and scoreboard.
Score sheets, team sheet, statistic sheet - Cross contamination from the passing of documentation	Officials	One scorer nominated to complete team sheet and the score sheet. Scorer to present the final sheet to both captains and all officials at the end of the game. All individually verbally agree the result. Scorer to sign the sheet on behalf of everyone. Photo taken and sent electronically to Event Organiser	5	2	10	To further reduce this risk we would look to implement an electronic system for Scoring and Stats however this would require financial investment and would form part of a longer term risk reduction plan.
TRAVEL						
Travelling to and from competition - Lift Sharing	Players, Officials, Spectators	It is not possible for TUK to manage this risk however all players will be reminded of the regulations around travel, public transport use as laid down by the government	5	4	20	TUK to refuse participation to any participants travelling against government guidance.
Arrival at event - Teams arriving at the same time	Players, Officials, Centre staff	Allocate specific times for teams to arrive	3	2	6	Enforce teams to wait outside the facility should they arrive earlier than their allocated time slot
PARTICIPATION						
Lineout at the beginning of the match	Players, Officials, Centre staff	Remove the requirement to be face to face with the opposition, line out should still take place as per the charter, no shaking hands	1	1	1	
Players and coaches in close proximity during matches	Players and Officials	No seating to be placed on the side line. Players and coaches to stand with 1 chair only in case of injury	3	2	6	Should a breakdown in play occur then players must separate and await the breakdown restart
Groups of players in close proximity during intervals	Players and Officials	Team talks are essential to the progress of a team during a match and as such they should be kept to the shortest time possible. No team calls involving direct contact pre, during or post matches	3	2	6	
Players, coaches and officials in close proximity whilst not playing matches	Players, Officials, Centre staff	It will be the responsibility of all persons attending the event to maintain social distance guidelines. Senior officials and event organisers will enforce further should groups of more than 6 persons form.	5	2	10	Volunteers to be assigned to keep people socially distanced when not playing
Defenders in close proximity during play	Players	A study has been undertaken into the close contact duration times for players. This can be found in the RTP document Appendix 5	3	3	9	
Fomite transfer during a match by the ball	Players, Officials, Spectators	3 balls will be used, 1 for each period of the match. At the end of the period the ball will be removed and disinfected using a suitable method to be confirmed by the ball manufacturer. Ball will then have a period of 30 minutes to dry prior to re-use	2	2	4	

Personal belongings - cross contamination from other people moving or touching items	Players, Officials	All individuals to keep personal items in a tidy manor/sealed bag while on court. Water bottle and sweat towel permitted. Area on court to be designated to each team for personal items. No food to be consumed on court.	3	3	9	Officials to stand at the same end and not change ends. Players to change ends instead.
Contamination from touching frames, weights and associated equipment	Players, Officials	Frames and weights to be disinfected after everygame. Court inspected for any obvious signs of sweat/liquid that needs to be cleaned after every game.	4	2	8	Anti-bacterial wipes and spray to be available at each end of the court. Frames to be cleaned after each third (15 minutes) and weights.
Substitutions during a game	Players	One way system on and off court	5	1	5	
Players on court - no excessive shouting and cheering	Players	Officials to remind players at the beginning of the match and monitored throughout	4	2	8	This is considered the lowest Risk rating possible as the alternative would be to eliminate shouting on court which is deemed to be impractical

Junior Training			Current Identified Risk levels			
Hazard	Persons affected	Existing control measures	Likelihood	Severity	Rating	Additional control measures if required
Arrival at event - Parents dropping off and picking up children, all arriving at similar times	Players and parents	Ask parents to stay in cars if possible and watch their children come into the sports hall/ask anybody coming into the sports hall to wear masks and socially distance	3	3	9	A nominated volunteer from the event organiser team will enforce participants to wait outside the facility should they arrive earlier than their allocated time slot. Investigate staggered start times as a further control measure.
Juniors grouping together	Players	Coaches reminding them to stay in groups of no more than 6 maintaining social distancing. Allocate each child a cone that they place their equipment on set out at distance to others. Segregation into school bubbles should be considered where possible.	3	3	9	
Cash handling - Paying of subs for training, several different people being in close proximity	Players, Coaches and Parents	Encourage people to pay online rather than on the day with money. Provide PPE to person collecting money, all payees must wear a face covering	3	2	6	remove this risk by enforcing upfront Cashless payments only?
Equipment set up and put away - contamination by direct contact	Players, Coaches and officials	Equipment to be setout by coaches and then wiped with a disenfectant wipe. At regular intervals during sessions equipment to be cleaned	2	3	6	
Equipment - contact during sessions by multiple persons	Players, Coaches and officials	Equipment to be regularly wiped down during sessions to limit the potential contact transfer. If cones move during training use feet to move them back.	2	3	6	
Training in groups - people being close together when defending and shooting drills take place	Players	Bubble into training groups and ensure that training is done in the same groups of 6 throughout the session	5	2	10	
Close proximity of players to coaches - Coaches delivering verbal updates and training tactics	Players and coaches	Coaches providing verbal explanations of tactics or training drills whilst being socially distanced.	3	3	9	Provide graphical presentation of drills using a projector and laptop against a wall or distribute by electronic means ahead of the training session.
Fomite transfer - Balls being used by numerous people with the potential to transfer between training bubbles	Players and Coaches	Each group has one or two balls to use for the session and they are to collect their own balls. Any ball returned to another group will be gently kicked with a players foot. Balls to be sanitised after use	5	2	10	Balls should be numbered and then assigned to the bubbles to ensure that they do not cross over bubbles
Parents congregating to spectate sessions - Group gathering of more than 6 inside	Parents	Ask any people who are staying to socially distance and to wear masks. If possible parents to remain in their cars during training sessions	3	3	9	
Use of changing rooms before and after training - Challenges presented within a confined space and maintaining social distancing	Parents and Players	Request that all people come to training ready to play	2	3	6	
Matchplay for training	Players and Coaches	Prior to taking to court players will be assigned to a team, hands will be sanitised which will be repeated at the end of each third during play.	2	3	6	
Cross contamination of school bubbles through training - children coming in from different schools / risks when schools announce positive cases	Players, Coaches and Parents	Clubs to have a covid officer to keep in touch with local schools. Be aware of local cases. All juniors to declare their school as part of Track and Trace documentation.	3	3	9	Prepared to cancel sessions at late notice, ask children from affected schools not to attend if from affected classes / bubbles
Cross contamination during sessions - Maintaining hand hygiene during sessions	Players and Coaches	Hand sanitizer to be brought by each junior and used regularly.	3	2	6	

Club Training			Current Identified Risk levels			
Hazard	Persons affected	Existing control measures	Likelihood	Severity	Rating	Additional control measures if required
Arrival at event - Players arriving at similar times including parents dropping off family members	Coaches, Players and parents	Ask people not to turn up early to the venue and to use masks when entering	3	3	9	Suggest a staggered start time to training to limit the amount of people arriving at the same time
Players grouping together	Players	Coaches reminding them to stay in groups of no more than 6 maintaining social distancing. When dealing with children in a club setting allocate each child a cone that they place their equipment on set out at distance to others. Segregation into school bubbles should be considered where possible.	3	3	9	
Cash handling - Paying of subs for training, several different people being in close proximity	Players, Coaches and Parents	Encourage people to pay online rather than on the day with money? Provide PPE to person collecting money, all payees must wear a face covering	3	2	6	remove this risk by enforcing upfront Cashless payments only?
Equipment set up and put away - contamination by direct contact	Players, Coaches and officials	Equipment to be setout by coaches and then wiped with a disinfectant wipe. At regular intervals during sessions equipment to be cleaned	2	3	6	
Equipment - contact during sessions by multiple persons	Players, Coaches and officials	Equipment to be regularly wiped down during sessions to limit the potential contact transfer. If cones move during training use feet to move them back.	2	3	6	
Training in groups - people being close together when defending and shooting drills take place	Players	Bubble into training groups and ensure that training is done in the same groups of 6 throughout the session	5	2	10	
Close proximity of players to coaches - Coaches delivering verbal updates and training tactics	Players and coaches	Coaches providing verbal explanations of tactics or training drills whilst being socially distanced.	3	3	9	Provide graphical presentation of drills using a projector and laptop against a wall or distribute by electronic means ahead of the training session.
Fomite transfer - Balls being used by numerous people with the potential to transfer between training bubbles	Players and coaches	Each group has one or two balls to use for the session and they are to collect their own balls and ignore other balls. Balls to be sanitised after use	5	2	10	Balls should be numbered and then assigned to the bubbles to ensure that they do not cross over bubbles
Parents congregating to spectate sessions - Group gathering of more than 6 inside	Parents	Ask any people who are staying to socially distance and to wear masks. If possible parents to remain in their cars during training sessions	3	3	9	
Use of changing rooms before and after training - Challenges presented within a confined space and maintaining social distancing	Parents and players	Request that all people come to training ready to play	2	3	6	
Matchplay for training	Players and Coaches	Prior to taking to court players will be assigned to a team, hands will be sanitised which will be repeated at the end of each third during play.	2	3	6
